- 100% Anti-Fungicide plumbing
- Maintenance free Synthetic Cabinet
- Digital Display
- LED Light
- Proudly Made In The USA

OPTIONAL FEATURES:

- Tuff Top Cover
- Upgraded Mineral System

How Regular Signature Spas Platinum Use is Good for You

Relieves stress: Scientists now know that being in a portable spa can put the autonomic nervous system in a state of balance which helps subjects enter a calmer, more relaxed state.

Relieves muscle pain and tightness:

Pressurized water from jets act as pinpoint massagers, helping to loosen tight muscles.

Detoxifies the body:

The warm water temperature of a spa — as high as 104 degrees Fahrenheit — causes sweating, which flushes toxins from the body.

Increases blood flow:

Warm water immersions cause blood vessels to dilate, increasing blood flow which can facilitate healing.

Improves joint movements:

Water makes the body buoyant, allowing free movement of joints without weight or pressure
